

**Bust to the Memory of Huseyn Javid**  
Addendum to Commemorative Works Application  
January 31, 2022

This addendum to the commemorative work application is in response to the issues raised by the Commemorative Works Committee at the second and final review of the Huseyn Javid commemorative work application, made on January 21, 2022.

Section 1:

*Include images of the sculpture looking south, with the correct plaque, and showing the spacing between the sculpture and the plaque;*

- South image of the sculpture, with the plaque, "HUSEYN JAVID; Azerbaijani poet and playwright; 1882-1941; usacc.org; QR code

## Section 2:

*Show how the sculpture fully engages and wraps around the corner of the building;*

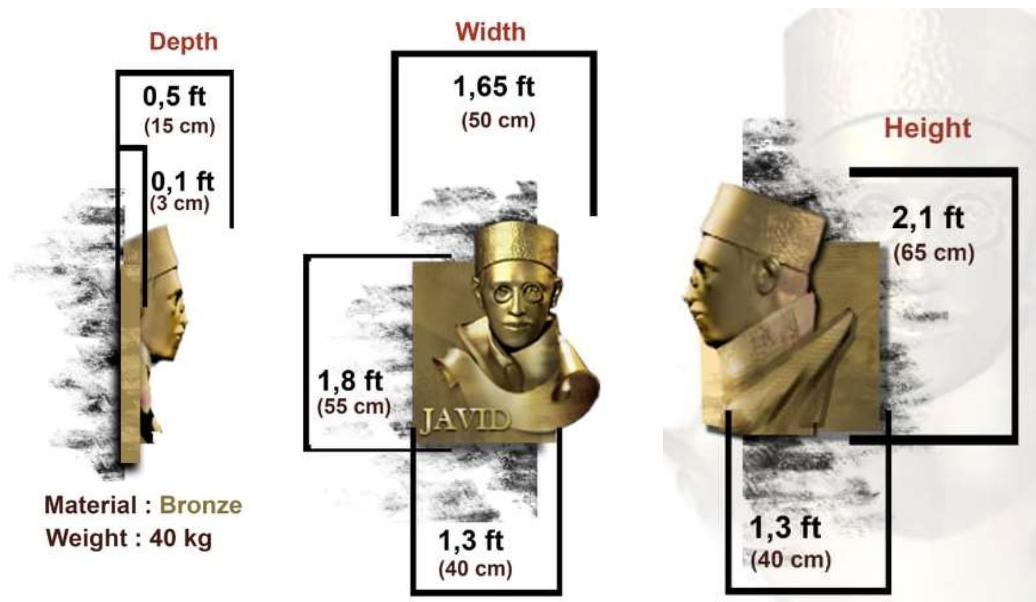

- There will be no spacing between the sculpture plaque, as can be seen in the image of the rear view below, the bust plaque would be flush against the wall of the building, all around the corner:

### Section 3:

*Provide a dimension for how far the back of the sculpture will be from the building;*

- There will be no spacing between the sculpture plaque, as can be seen in the image of the rear view below, the bust plaque would be flush against the wall of the building, all around the corner:
- Depth of the Bust (south and north views): 0.5 ft (including bronze plaque and the face of the bust), thickness of the plaque: 0.1 ft (see far left image below);
- Width of the plaque and bust (front view): 1.65 ft (from left edge of the plaque to the end of the scroll); 1.3 ft (plaque, from left edge to the corner of the building, see middle image);
- Height of the bust (front and side views): 1.8 ft (height of plaque, front and side views) middle and far right images); 2.1 ft (height of the bust, including the papakha/headwear);
- Length of the plaque (south view, as the plaque envelopes the corner): 1.3 ft

#### Section 4:

*Provide information on how the back of the sculpture that wraps around the corner will be finished;*

- The entirety of the sculpture (from all visible facets, including the rear view) would be uniformly polished, finished, and treated.

## Section 5:

*Include Huseyn Javid's name, other basic information, and website address on the plaque;*

- Huseyn Javid; Azerbaijani poet and playwright; 1882-1941; usacc.org; QR code;

## Section 6:

*Include the QR code and website address in a way that can be easily updated in response to changing technology;*

- The website address and the QR code will be made of bronze material and installed using small, bronze screws that can be easily removed, in case the information will need to be updated in the future.

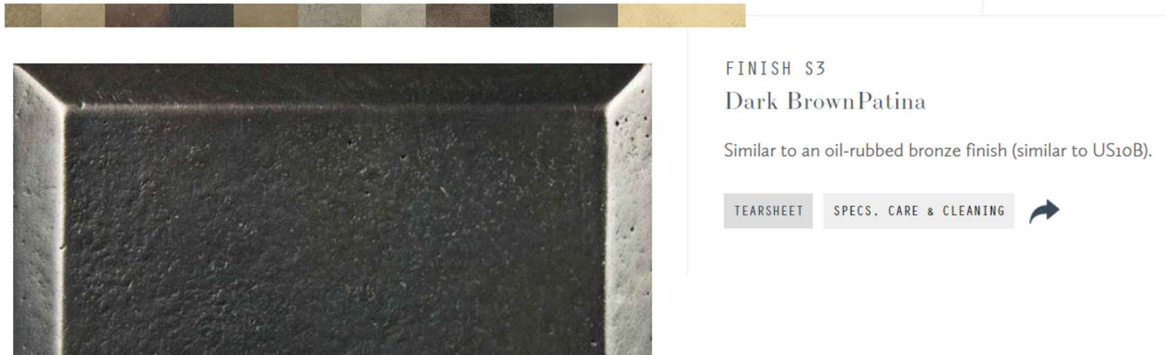

**Bronze tag (with bronze screws)**

## Section 7:

*Specify the color of the brown patina.*

- Dark Brown Patina; FINISH S3; Similar to an oil-rubbed bronze finish (similar to US10B); #3E2723; See manufacturer's color code and description below:

**#3E2723**
